

DECLARATIONS

CONFLICT OF INTEREST

It is necessary to indicate the absence or presence of a conflict of interest. If there is a conflict of interest, it must be specified.

When there is no conflict of interest, it is necessary to specify the phrase:

The authors declare that they have no conflict of interest in relation to this research, whether financial, personal, authorship or otherwise, that could affect the research and its results presented in this paper.

USE OF ARTIFICIAL INTELLIGENCE TOOLS

The use of artificial intelligence in researching and preparing the manuscript must be declared.

If artificial intelligence was not used, indicate the phrase:

The authors confirm that they did not use artificial intelligence technologies in creating the submitted work.

If artificial intelligence has been used, this must be declared in accordance with [the Publisher's policy](#) using the following scheme:

- model and number of AI,
- where exactly it was used (in which section of the article),
- what exactly was done using AI tools (specific description),
- how the authors checked the results provided by AI tools,
- how the result provided by the AI tool influenced the conclusions of the study.

FINANCING

Sources of funding must be indicated. If there is no funding, it is necessary to indicate:

The study was performed without financial support.

DATA AVAILABILITY

Choose one of the options and indicate it in the text of the manuscript:

- Manuscript has associated data in a data repository.
- Manuscript has data included as electronic supplementary material.
- Data will be made available on reasonable request.
- Data cannot be made available for reasons disclosed in the data availability statement.
- Manuscript has no associated data.
